

Cover Crop Crimper

MANDAKO

COVER CROP CRIMPER

Suppress weeds. Minimize soil erosion. Maximize water retention. With a chevron-style blade pattern, the Mandako Cover Crop Crimper runs smoothly across the field while kicking up less dirt. The Crimper is built on the same frame design as our Landroller, so you know you are getting a heavy and tough machine. Using the Cover Crop Crimper can help you manage organic crops without the use of herbicides or tillage.

Fillable Drums
